

## Optional Spring Compressor Jaws

## Safe Protective Cage

### CANVIK SAFE PROTECTIVE CAGE

A brand new concept for improved safety.

Flexible solution for bench or wall mount.

Improves safety considerably

Minimise risk of injury when working with coil springs

The most innovative product on the market:

the highest quality at the lowest price

Fits all new and old CANVIK coil spring compressors

for McPherson struts

Weight 11.5 kg • 400 x 365 x 345mm (H x D x W)

## Centre Coil Spring Compressor

### UNIVERSAL CENTRE COIL SPRING COMPRESSOR

for wishbone/multilink suspension

Innovative and safe handling of springs on cars with wishbone and multilink suspension

CANVIK CENTRE is the only tool on the market capable of handling among others VW Touran, Citroën C3, Skoda Octavia, and Peugeot 107

Very compact design makes it possible to use the tool for cars with a small hole in the rear spring control arm down to ø30mm

### Innovative angled shape of the jaws:

Only universal spring compressor on the market for wishbone/multilink suspension with angled jaws

Improves safety and provides a high degree of functionality

### Unique safety key torque:

Functions as extension unit

Makes it easier, safer and more convenient to position the tool correctly inside the spring

Prevents overload and improves safety

Art nr. 20.1100 • Maximum Load 2500kg  
 Max Distance 220mm • Min Distance 96mm  
 Handles 95% of all cars with wishbone/multilink suspension  
 Supplied with safety torque key and 2 jaws

Handles 95% of all cars with wishbone/multilink suspension rear and front

### Content of package
